Dixon, IL – The Illinois Department of Transportation announces today that US 34 will be closed at the bridge over Indian Creek south of Kewanee on Tuesday, May 30, 2017. Stark Excavating Company is the contractor for the \$2 million project to replace the structure located just west of the US 34 intersection with IL 78.

Traffic will be detoured on IL 78 and Blackhawk Road. The contractor has been working since May 1, 2017 to make improvements to the roadway past the Blackhawk College Campus so it can be used for the detour route.

The bridge is scheduled to be completed and the roadway open to traffic by the end of July.

Please slow down and use extreme caution while driving through all work zones.
